Subject: Notice of Workforce Reduction

Dear Ms. Handberg and Mr. Gargano:

Consistent with the "Worker Adjustment and Retraining Notification Act" (W.A.R.N.), General Motors LLC is providing notice of layoffs that will be affecting General Motors LLC (GM) employees at its Lordstown Complex, located at 2300 Hallock-Young Road, Warren, OH 44481 (the "Facility"). However, General Motors has a plan for the majority of affected employees currently working at the facility, and those in Maryland, Michigan, and Ohio that will be without product allocation beyond 2019. For U.S. hourly impacted employees, this includes approximately 2,700 available jobs at other GM U.S. plants, GM training opportunities and access to tuition assistance. More than 1,100 U.S. employees from these facilities have already volunteered to transfer to other GM U.S. plants. Many affected salaried employees at unallocated plants will have opportunities at other GM locations. More information is contained in the attached update sheet.

A strong U.S. economy enables us to provide these opportunities now as we position General Motors for long-term success. General Motors' focus remains on providing interested employees options to transition, including providing job opportunities at other GM plants where possible. GM remains committed to working with local government officials, our union and each individual to find appropriate opportunities for them.

This layoff will begin on March 11, 2019 and will impact approximately 1607 hourly and salaried employees at the Facility. Of those employees, approximately 1274 are GM Lordstown Complex Production employees and 150 are GM Lordstown Complex Skilled Trades employees, all represented by the U.A.W. International Union and Local Union 1112, whose chief elected officers are:

Gary Jones
President
UAW International Union
8000 East Jefferson
Detroit, Michigan 48214

David Green, President Local Union 1112 U.A.W.
Dan Morgan, Shop Chairman Local Union 1112 U.A.W.
11471 Reuther Drive-SW
Warren, OH 44481

We expect that these actions, when implemented, will be permanent, and will affect the entire facility. The separations are expected to begin on March 11, 2019.

Specifically, at this time we expect that approximately 1607 hourly and salaried employees will separate on March 11, 2019 (or during the 14-day period commencing on that date)].

General Motors LLC
Lordstown Complex
2300 Hallock-Young Road
Warren, OH 44481

The currently anticipated job titles to be affected and number of affected employees currently in those job classifications are attached.

[Attachment: Job titles to be affected and number of affected employees currently in those job classifications]

For hourly employees represented by the U.A.W., seniority transfer and placement (or "bumping") rights are governed by the existing collective bargaining agreement. Affected employees do not have bumping rights to remain at the Facility.

There are no bumping rights available for salaried employees at the Facility.

Employees laid off by or separated as a result of this action may be eligible to receive State Unemployment Compensation. GM's Lordstown Complex employees may also be eligible for Supplemental Unemployment Benefits in accordance with Exhibit "D" to the Agreement between General Motors Corporation LLC and the UAW dated October 25, 2015 or under any replacement agreements that may be bargained between GM and the UAW during the ongoing National Negotiations.

GENERAL MOTORS UPDATE

OPPORTUNITIES FOR EMPLOYEES AT IMPACTED PLANTS

General Motors has a plan for the majority of employees currently working at Maryland, Michigan, Ohio and Oshawa, Canada facilities that will be without product allocation beyond 2019.

For U.S. hourly impacted employees, this includes approximately 2,700 available jobs at other GM U.S. plants, GM training opportunities and access to tuition assistance. More than 1,100 U.S. employees have already volunteered to transfer to other GM U.S. plants. This update coincides with GM's filing of U.S. government-required layoff notifications.

"Strong U.S. and Canadian economies enable us to provide these opportunities now as we position General Motors for long-term success," said GM Chairman and CEO Mary Barra. "Our focus remains on providing interested employees options to transition including job opportunities at other GM plants. We remain committed to working with local government officials, our unions and each individual to find appropriate opportunities for them."

GM U.S. HOURLY EMPLOYEES AT IMPACTED PLANTS

TOTAL U.S. HOURLY ACTIVE EMPLOYEES IMPACTED	2,800
EMPLOYEES ELIGIBLE TO RETIRE	1,200
TOTAL U.S. GM JOB OPPORTUNITIES AVAILABLE	2,700
EMPLOYEES ALREADY VOLUNTEERED TO TRANSFER	1,100

GM U.S. PLANTS IN NEED OF ADDITIONAL EMPLOYEES

The additional 2,700 jobs at GM's U.S. manufacturing plants will support new vehicle launches beginning in 2019. The facilities needing additional employees:

- Bedford Casting Operations in Bedford, Indiana
- Bowling Green Assembly in Bowling Green, Kentucky
- Flint Assembly in Flint, Michigan
- Lansing Grand River Assembly in Lansing, Michigan
- Toledo Transmission Operations in Toledo, Ohio
- Spring Hill Manufacturing in Spring Hill, Tennessee
- Arlington Assembly in Arlington, Texas
- Skilled trades jobs available across multiple locations

GM is building on its more than \$22 billion in investments in U.S. operations since 2009 and reaffirming its commitment to maintaining a strong manufacturing presence in the U.S.

GM CANADA EMPLOYEES - GM Canada has initiated efforts along with its dealers, local colleges and other employers to train and help secure jobs for impacted workers from the Oshawa Assembly Plant who are interested. For additional information go to media.gm.ca.

GM SALARIED EMPLOYEES - Salaried employees impacted by the voluntary and involuntary severance programs will be provided outplacement services including job search assistance, career counseling, resume writing and interview skills. Many salaried employees at unallocated plants will have opportunities at other GM locations.
