ORTHOPAEDIC
SURGERY CENTER

THRIVE ON

Outpatient is the New Inpatient.

A modern concept in low-cost, high-quality surgery right here in Boardman, Ohio.

“We’ve created an environment where physicians schedule procedures more conveniently, work with highly-trained staff, are ensured the best equipment for their techniques, and operate in a physical space designed to fit their needs and the needs of our patients. What’s best is we’re able to offer these benefits at an overall lower cost than hospital systems.”

THRIVE ON

with The

ORTHOPAEDIC
SURGERY CENTER

Relieve pain. Increase motion. Improve quality of life.

Surrounding our patients with the care they need ... and deserve.

We believe in centering our care around the person. To that end, we have taken a team approach to treating injuries. We offer multiple specialties. We bring together more than 5 sub-specialties of orthopaedic surgeons, as well as doctors specializing in pain management, gynecology, plastic surgery and eye surgery.

Dr. Thomas Joseph, Vice President
The Orthopaedic Surgery Center

Procedures in an Innovative Facility.
Recovery in the Comfort of Home.

Patients who are otherwise healthy can now have surgery – including joint replacements! – in an innovative outpatient setting built for the future.

The Orthopaedic Surgery Center is more than four years in the making. It was thoughtfully planned and designed with patients and clinicians in mind. Every inch of the facility is geared toward delivering the optimal patient experience and achieving successful patient outcomes.

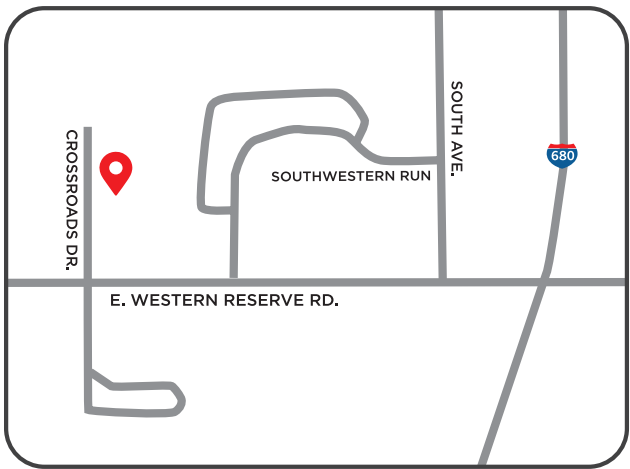

The OSC Advantage

- Lower cost than inpatient hospitals
 - Shorter recovery times
 - Experienced, local team of clinicians
 - Personalized care
- Innovative technology and techniques
 - Clean, modern environment
 - Transparent pricing for cash-payers
 - Convenient location off of I-680/Western Reserve Road
